Assignment2 Meeting 3, 9/29/2022

Participants present: Lulu, Francisco, Anri
Meeting notes taken by Lulu

Anri completed her JavaScript on the contact us for email. Lulu tested it out and Anri confirmed that the email is received.

Francisco moved his chart and dark mode feature to chart.html and demo his chart page. Francisco asked if Lulu could help merge his chart page to the GIT main repository.

Lulu completed the JavaScript on slides on the service page and demo the page.

Lulu also added JavaScript on the about page in stats, showing a counter and demo the page.

Lulu helps Francisco merge his charts.html, chart.js and chart.css file to the GITA main repo.

Lulu gave Francisco a quick demo on how to load to the webserver myweb.usf.edu for assignment2

Lulu showed Francisco where to go for instructions for windows.

The plan is to submit assignment2 by Sunday noon. Everyone uploads their forms and reflections by Sunday noon.

Next meeting October 3 6pm, meeting to be scheduled by Anri
